Scenario ID : 1
Both Fields Empty

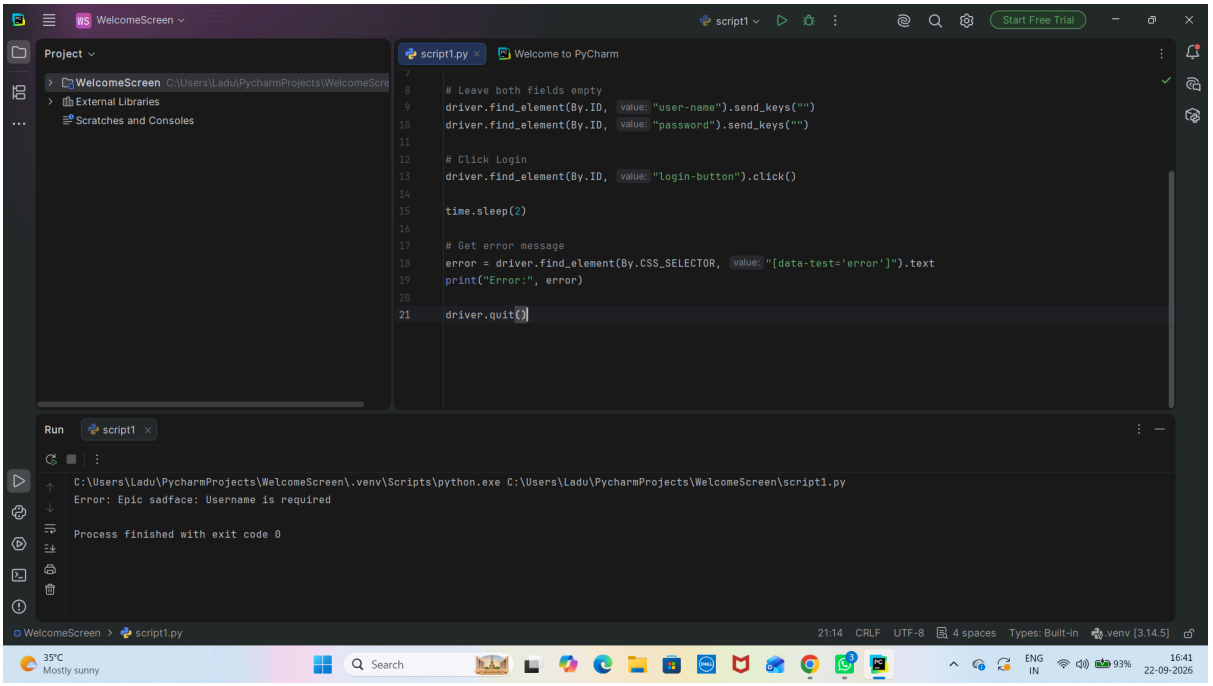

Test Steps:

1. Open pyCharm app
2. Open PyCharm project
3. Open script.py
4. Install Selenium - Python- m pip install selenium
5. Import Selenium code
6. Open Chrome - https://the-internet.herokuapp.com/login
7. Navigate to form Authentication
8. Enter username & password
   Username:
   Password:
9. Click login and verify successful login
10. Verify the success message
11. Click logout
12. Run the complete python automation
